

## RESIDENTS OF LANCASTER AND GURNEY COURT ROADS

This year, our own local **Wilderhood Watch** group is running two projects during this year's St Albans Sustainability Festival. We would love as many residents as possible to be involved.

Our **SUSTAINABLE EATING** project will run throughout the festival, from May 11th to June 1st. To become involved, all you have to do is to eat more sustainably. You could do this by reducing your consumption of meat and dairy products, buying seasonal and organically produced items, or growing your own fruit and veg. We will then create a collaborative blog on our website [www.wilderhoodwatch.org](http://www.wilderhoodwatch.org) of the vegetarian and vegan recipes we discover and cook throughout the three weeks. You can contribute to this by emailing [contact@wilderhoodwatch.org](mailto:contact@wilderhoodwatch.org). We will finish at 11:30am on Saturday June 1st with a picnic at Heartwood Forest.

Our **HEDGEHOG STREET** project will involve all of us coming together to make Lancaster and Gurney Court Roads more hedgehog friendly. To become involved, please create a 13cm access hole in your wall or fence to ensure hedgehogs can move between gardens, and then visit [www.hedgehogstreet.org](http://www.hedgehogstreet.org) to register your hole. We are hoping that by the end of the festival our roads will be marked as super hedgehog friendly on the Hedgehog Street map! **For anyone who would like to build their own Hedgehog House**, a House Building Day is to be held at 66 Lancaster Rd on Sunday 19th May between 10am and 4pm. Please email [contact@wilderhoodwatch.org](mailto:contact@wilderhoodwatch.org) for further information, and to register for this event.

**Dog owners:** you can go to [www.wilderhoodwatch.org](http://www.wilderhoodwatch.org) to find out how to create a dog proof hedgehog access hole.
